EDMONTON, ALBERTA, FRIDAY, JULY 18, 1913.

TEN PAGES TODAY PRICE FIVE CENTS

BARE QUORUM PRESENT AT SCHOOL BOARD

**Meeting Lasts Four Hours How
ever and Large Amount of
Business Transacted**

**BOARD WILL ADOPT CITY
FOR \$475,000 THIS YEAR**

**Five Appointments to be
Staff of New Technical
School**

WHAT SCHOOL BOARD DID LAST NIGHT?

Decided to increase the staff of Dr. Craig to twelve members, the sum of Miss Jessie H. Nichols.

Discussed at length the question of the amount of the fair wage cause by Read, McDonald and Brewster, contractors for the Edward School.

Decided to increase the city council that the sum of \$317,000 would be required for school maintenance and operation, making exclusive of the sum of \$40,000 for government grants.

Appointed five temporary schools in the Hudson Bay reserve, Norwood Extension, Athabasca and the Highlands, but referred the new temporary school at Elm Park to the building and grounds committee.

Made five appointments to the staff of the new technical school, which will begin operations in the fall.

To appoint a supervisor of playgrounds, but did not name the man.

Only four members, the bare minimum required, were present with regard to the organization of his department. The sum of the cost of travel for the old car barns was set aside for the sale of the temporary classes and already been commenced, and it was hoped to have the new buildings for the opening of the autumn classes on October 1st. Mr. Richardson cannot be held responsible for the names of a long list of possible candidates for the technical school staff, and the following, after careful consideration, were appointed:

Welding—John St. Lewis, Neway, Kelvin Technical school, Winnipeg. Mr. Newton has had special training in technical education at Columbia University, Cornell Institute and several manufacturing plants. He is present the head of the department in Kelvin Technical school and is highly recommended. He is 22 years of age. His salary was fixed at \$2,000.

Metal-working—Lewis H. Wood, who has been connected with Mr. Eng, from the University of Illinois. He was a draughtsman for two years for the Illinois Central and had taught mechanical drawing at the University of Illinois for three years. He is 22 years of age. His salary was fixed at \$1,800.

Mechanical Draw.—El T. Bishop, a graduate of the eastern Normal School, who has had experience in shop work. He has directed the department of printing in the Normal School during the past two years.

Literature—Miss M. McPhee, 96 College Street, Toronto. Eight years experience at Toronto Technical school, and also institutional experience. Salary, \$1,200.

Domestic Science—Mrs. E. Andrew, Williamson, Mich., the Michigan Agricultural College. Special work at Lake Superior, some work at University of Chicago, and five years' experience in public and high schools.

The technical school will therefore start out in the autumn with a staff of one director and five assistants.

TEMPORARY SCHOOLS

The location of temporary schools has been decided. Hillsides, lot 14; Norwood Extension, lot 22; block 2; Vermilion Avenue, lot 22; block 13; Hawley Bay Reserve.

Based on the location of the school, making the foundation of the school very difficult, the school will be placed near the ventilating stack, to prevent the building from falling over.

The tender of C. Howe, at \$1,745, was accepted for the modernizing of structural work, school, the addition of a new heating plant and installation of plumbing and heating.

The tender of C. Howe and Johnson for the new heating plant and boiler for the new temporary school at Vermilion Avenue and Nor-

**ANGLO-SAXON RACE
PREDOMINATES
IN LEADERSHIP**

**This Past Experience at Banquet
Testified American Ambassadors,
Water H. Paige, in London.**

By Bulletin Leased Wire.
London, July 17.—The Anglo-Saxon club at its banquet tonight had as honored guests Water H. Paige, Earl Grey, former governor general of Canada, presided, while among the guests were the lord mayor and mayors and the lord provost, Lord Provost Sir Robert Borden, Powell and Morton Frewen, ex-M.P.s for Northeast Coast, and others.

Guests included the toast of Earl Grey, Ambassador Paige, with the great sword of state of the Anglo-Saxon Club in London. He said that every president of the United States had been dominated by English or Scotch blood, while the overwhelming majority of the chairmen of congress and presidents of educational institutions in America were of English, Irish or Scotch descent.

MAY REVOLUTIONIZE TRANSPORTATION OF WESTERN GRAIN

**Chief Inspector of Surveys Dis-
cusses Proposed Edmonton
Winnipeg Water Route**

By Bulletin Leased Wire.
London, July 17.—According to information received by Miss Hubbell, chief inspector of surveys for the Dominion, there is a proposal to connect the water route that there will be water transportation between Winnipeg and Edmonton.

With a few words of little value, the chief inspector of surveys said that the river can be made navigable and the grain passed through by this means. It will be rich in the grain transportation of the provinces might therefore be expected.

At present, seventy parties surveying in the new countries there the greatest majority in the West, and the chief inspector of surveys here is of a great rate. Several new base lines are being run as far as nine hundred and sixty miles north of the international boundary.

THIRY CHINAMAN OVERBOARD, Engines of an American Steamer Caught With This Crime

Brookville, Ont., July 17.—John Richardson, engineer of the Canadian steamer "Thara Minor," in port at Ogdensburg, Vt., reported to the police that he had been running between Montreal and Quebec, and reached the latter port yesterday morning. Standing thus they awaited rescue. When the rescuers had blasted to within forty feet of them, they made a final effort and were saved.

At present, seventy parties surveying in the new countries there the greatest majority in the West, and the chief inspector of surveys here is of a great rate. Several new base lines are being run as far as nine hundred and sixty miles north of the international boundary.

WANTS COMPENSATION FOR LOSSES OF SEALS

Five Year Old Applicant Says That
He Lost His Which Is Asking
For Compensation Is Too Thousand Dollars.

By Bulletin Leased Wire.

Victoria, July 17.—Sapian W. D. Byrnes, who said he was an old man now, is trying to get compensation for his loss of his seal which he lost out of the sealing business, was given quite a lively questioning by Mr. Justice John Martin, who sat in judgment this morning. "I am an old man now and I have no place to go," he said. "My wife is dead and my son is dead."

At present, seventy parties surveying in the new countries there the greatest majority in the West, and the chief inspector of surveys here is of a great rate. Several new base lines are being run as far as nine hundred and sixty miles north of the international boundary.

Attempts to Kill Norwegian Crown Prince

Anti-Monarchy Agitation Making
Great Headway—Outline For
Royalty Not Hopeful

By Bulletin Leased Wire.

Christiania, July 17.—Mysterious attempts of persons to kill the ten year old Crown Prince Olaf have caused great concern.

An attempt was made last night a week ago in the gardens where the little Oslo palace was held.

It is reported that when Queen Maud heard of it was perturbed and asked her husband King Haakon, who was saying that the royal couple must leave the country and that the best way before the Stoerholmen villa could be found.

That bill provides that if the king and Queen die without a male heir, Norway becomes a republic.

The anti-monarchical agitation is making great headway here, and the outlook for the royal family is anything but hopeful.

Attempts to Go to England

Ottawa, July 17.—W. H. Weston stated this morning that Sir Wm. MacKenzie, who left for the east yesterday after spending a few days in the city, had a special train to catch him for a few days from Quebec.

It is said that he has important and pressing business in the old country.

IMPRISONED MEN RESCUED BY COMRADES

**We're Located by Tapping on
Pipes Driven 40 Feet Into
Mine**

**WERE NECK DEEP IN
WATER FOR 31 HOURS**

**Tell Thrilling Story of Escape
From What Appeared Cer-
tain Death**

By Bulletin Leased Wire.

Eveleth, Minn., July 17.—The five miners who were imprisoned in a mine shaft were rescued as a result of heroic work done by a team of horses.

The unimploded miners were located by tapping on pipes which had been driven forty feet into the mine. After the first signal was heard, the team of horses worked with double energy and the men were soon located and brought to the surface.

The men had been trapped in a cloud of smoke for 31 hours.

The men had stood neck deep in water for 31 hours. The team of horses tapped on the pipes to bring the miners to the surface.

CITY BANDS ON STRIKE: UNION TAKES ACTION

Strathcona Band Is Not in Musicians' Union; Other Bands Refuse to Play

101ST CANCELLED ENGAGEMENT

City Will Save the Bandmen's Wages; Not Worrying About Musicians' Ultimatum

The city musicians are out on strike.

Wednesday night a concert about have been given by the band of the 101st regiment, but did not take place in consequence of the ultimatum which the Edmonton Musicians' Protective Association has issued to the city authorities.

Union Bands Silent

"That no bands will be allowed to give their services to any person or persons who also engage non-union bands within the jurisdiction of this association."

This motion was made, they state, on account of the Strathcona Band being hired to play concerts in place of union bands. The unionists say every possible way to get them to join the union, but all their efforts failed, and they are now threatening to expel the union, "much as they hated to do it."

Cut Down Expenses

Commissioner Harrison, who looks after the band concerns so far as the city is concerned, stated yesterday that the city musicians will not receive any extra expenditure if the bands refused to play when asked, a saving of \$1,000 per month.

Kitties are scheduled to play in the East End Park next Sunday while the St. Paul's band, under the direction of Riverside Park on the South Side, will be at the Bulletin, who will be affected if they are taken within a week, hunger-striking again and then being released, and so on.

THREE OF THE MOST FAMOUS BRITISH SUPERFETTES — Whose many daring escapades have made the "Cat" and "Mouse" famous, say—The authorities force the three women to remain in jail, keeping a strict on them, however, and marking them "spies" or "saboteurs" for punishment for the British Act.—It is needless to say the ladies who will be affected if they are taken within a week, hunger-striking again and then being released, and so on.

PORT ARTHUR REQUIRES TWO MILLION DOLLARS

London, July 17.—Port Arthur has been added to the Stock Exchange for the financial listing of over \$2,000,000 City of Port Arthur five per cent debentures at 100 each.

HIRED MAN MADE A VIOLENT ASSAULT ON HIS EMPLOYER

Strikes Down C. D. Bennison With Whiffle-tree and Axe Assaults Fellow Employee

Manor, Sase, July 16.—His employer, C. D. Bennison, was stabbing his team last night, Lloyd Ait, hired man at the Silvermoor ranch, east of Manor, made a frantic dash to safety with his whip, beating the unmerciful man to the ground.

Bennison struggled to his feet and staggered toward the house, but Ait followed and within ten yards struck the victim again, driving his axe into his head and face.

Bennison, however, managed to crawl into his house, where he was taken in by his wife and Miss Wolfe. Ait had disappeared, but the woman's husband, Fred Precknow, and his brothers, who were driving post, Precknow and his brother, L. H. Precknow, and his son, went to the house. The hired man made an unsuccessful attempt to elope from the minister, and then was away.

Meanwhile, the Miss Wolfe recruited the other hired man, Leonard Warne, was somewhere about the house, and he and his wife hastened to seek him. After a brief search she found Warne at a straw stack across the road, and he was still driving his face and head. Despite the fact that Warne weighed 180 pounds, the girl raised him carefully onto the floor, and the house, sixty yards away. Nothing more was seen of Leonard Ait.

Warne became suddenly unable to speak he told of a vicious attack made upon him by his employer, and he was unable to tell whether the butt end of a .22 rifle, the butt of which was found to be broken, or a pistol, was used.

The Mountie Police were immediately notified, and the police constable for Ait, it is believed that the attacks were premeditated, the assault on Warne having been committed by the same man.

Ait kept his team until the morning of the field round-up; the barrel was covered with blood.

Apparatus 2,000 Miles.

Toronto, July 16.—The Spanish River mine directorate has approved the twenty million dollar merger.

Peace River Wheat Growing at Dawson

The worth of Peace River wheat is testing to the Board of Trade, Secretary Fisher, of the Board of Trade, in the Vickery Building, and the commodity was referred to Mr. Fisher asking for specimens of Peace River wheat, which he sent.

Today Mr. Fisher received a letter from the same individual, in which he said that the wheat sent him is growing thick and is eighteen inches high, and everything that is claimed for it, says the correspondent in his letter.

ENGINEER SEIZED WITH PARALYSIS AT THE THROTTLE

Train Raced Ahead at Mile a Minute Down Grade—Fireman Saved Lives of Passengers

Lacrosse, Wis., July 17.—Discovering that the train was racing down grade at a mile a minute, the engineer, at the orders called for, Jacob Newman, fireman of the midnight northwestern passenger train, crawled to the other side of the engine and found Engineer Henry Deiner, apparently lifeless, but still clinging to the throttle. He then crawled to the rear of the car, who fell towards him on to the floor of the cab. The fireman then brought him back to the top.

Deiner was reduced to a cot, in a luggage car, and the train continued its run to Milwaukee, where the fireman, at North, a doctor and nurse arrived, and the engineer was taken to a hospital stricken with paralysis, due possibly to his weakened condition resulting from a long siege of illness. He was unconscious for two days, but recovered sufficiently to be sent home.

Deiner made his discovery just as the train passed through the tunnel at North, a doctor and nurse arrived, and the engineer was taken to a hospital stricken with paralysis, due possibly to his weakened condition resulting from a long siege of illness. He was unconscious for two days, but recovered sufficiently to be sent home.

ARTIC EXPEDITION STEAMER IS STRANDED

The Diana, with McMillan, Expeditor, Aborn, Rines Aground at Bare Point.

St. John, Newfoundland, July 17.—The Newfoundland sealing steamer Diana, bound for Europe, and carrying an Arctic expedition for Crocker Land, stranded last night at Bare Point, 40 miles off the Battle Harbour coast of the island. The Newfoundland revenue cutter Maria has been ordered to the Diana. The extent of the damage is not yet known.

ARE GLAMOURING FOR JACKSON'S EXPULSION

Section of Wesleyan Ministry in England is Calling for Impeachment of Rev. George Jackson, Charged With Heresy.

London, July 18.—Under the presidency of Rev. Luke Wiseman, the retiring president, the Wesleyan conference, which includes over a thousand ministers and laymen attending, whether the question of the Oldbury speech of Rev. Jackson can be raised by the conference, which is to discuss the discussion of the issues, but it is most unlikely that Mr. Jackson himself will be present to defend his claim of innocence of his views, and if this is accorded it is difficult to see what the conference can do.

A section of the opposition are clamoring already for his expulsion from the ministry.

At London, the players began a series of matches to the tune of seven tickets for 33 shillings.

In the first of the matches of the season at Manchester, Lancashire succeeded in scoring a win from the visitors, Bradford, capturing seven tickets for 33 shillings.

In the second of the matches of the season at Macclesfield, Cheshire, the latter winning by 112 to 98.

At Lancast., A. H. Hornby contributed a nice 96. W. H. Denton and Haynes played a fine game, and the respective 88 and 95 for Northants.

At Derby, the players scored a trifling 100 to the tune of seven tickets for 33 shillings.

In the third of the matches of the season at Macclesfield, Cheshire, the latter winning by 112 to 98.

ONTARIO LUMBER KING VIEWS TIMBER LIMITS

Holding Company of 10 square miles
Adjacent to Port Mann, and are
Estimated to Contain About 92,
000,000 Feet of Hemlock, Spruce
and Cedar.

Vancouver, July 16.—W. A. Charlton, President of the Canadian Lumbermen's Association, which recently met in Whistler, with general meetings days in Vancouver and Victoria before returning East. Since his arrival here, he has given some consideration to the timber limits in which he is interested.

These holdings, owned by a small number of lumbermen, are situated east of Vancouver, and E. L. Kinnan, of this city, comprises 31 square miles of land in the north-east part of Vancouver Island, and have been estimated to contain about 12,000,000,000 feet of hemlock, spruce and cedar.

Mr. Charlton, who discussed the value of the limits today with Mr. Kinnan, said that no definite development had yet been reached.

Mr. Charlton, explaining that the system of holding company ownership of acre blocks in the huge tracts claimed in detail, every tree being counted,

Avoided of Buying Girl for \$3.

Whistler, July 16.—A census of buying pretty Anna Gorrie, 18 years old, from her mother for \$3, and then shooting her was avoided by the son of Henry Herzen, 21 years old, and Paul Bay, 23 years old, were today arrested at Squamish for the murder of a woman in a house. In district court today the case was continued until July 23 and the men are being held under bonds of \$500 each.

Commissioners Are Merely Arm of Council--Mayor Short

His Worship Declares That People's Elected Representatives Must Retain Control of All Governmental Authority—Erroneous Ideas of Commission Form of Government

"Under no condition must the final authority be taken out of the hands of the people. The elected representatives of the people must retain not only the authority to make grants, but must retain the revision of the expenditure. This would not be the case if you had government by

commission, even if the commissioners were elected."

In other words Mayor Short yesterday explained himself as opposed to the view of Commissioner Macmillan with regard to the latter's suggestion of a commission form of government.

"It appears to me that in any consideration of a commission form of government, the real purpose of a commission board is that it shall be the 'arm' of the council, and that the commissioners are to attend to the detail and to see that the expenditures when made are in accordance with the council's intent and sufficient to carry out the policy of the council. It is the duty of the commission board to see that the order of the council is carried out, and it is the duty of the council to resort to the commission from time to time on the manner in which their orders are being carried out."

The commission board is not a body entitled to exercise government in any way, but it is there merely to see that the authority of the council is carried into effect. The people must be supreme."

"WILL GO AFTER FAIR BOARD GOOD AND PLENTY"

So Pictures Secretary, Natty, But
Further Publication, No.

Rogers, B.C., July 15.—We will go after the fair board good and plenty!

Madeline Cuth, last night in conversation with a Western Associated Press reporter, declared that the imminent tough fight will not be over them? Well, that is my for publication, you see.

With the contemplated action of the board only if the fair is not for publication," was he asked.

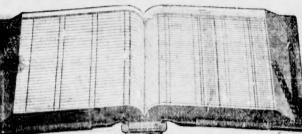

I would repeat that there is nothing for publication," was the answer.

Mr. Natty stated that he was assisted both by letter and wire that the 70th Highlanders band would not come to Regent Park.

The reason for the opposition I have for you," he concluded.

The determination of the fair board to go ahead with the exhibition from outside places has evidently roused the fighting spirit of the union and developments of an interesting nature may be forced in for the near future.

OUR ROUND-BACK BINDER GIVES A FLAT WRITING SURFACE.

MADE IN EDMONTON

Have you ever noticed how difficult it is to post in a ledger that has a rounded surface? We have binders especially constructed to overcome this difficulty.

**OUR ROUND-BACK BINDER GIVES A FLAT
WRITING SURFACE.**
And then, again, that Special Binder you had to get from the East, and wait months for—why not have it made right here and save that valuable time! Nothing is too much trouble for us—and we stick at nothing in the line of loose-leaf Goods. "Phone 6501 and today you will receive a complete line of Binders, Sheets, etc., right in your office.

FROM B.C.L.A.**

Will Finish Out Season With Vancouver A. C. in Series For Mann Cup

By Bulletin Leased Wire.

Vancouver, July 17.—The Vancouver baseball club has withdrawn from the B.C.L.A.

At the conclusion of a special meeting of the association held here this evening, the club voted to withdraw. Vancouver tendered its resignation following the adoption of a motion that the club withdraw from whether the meeting held in Westminster by the Westminster Club in which the members were present for one game, was or was not legitimate to a committee composed of three men of each club nominated by the Vancouver and Westminster clubs and those two to select a third, a long discussion ensued during the drop-meeting.

The Vancouver club proposed a motion to test the question as to the legality of the meeting, but the Westminster club, President Kellington, refused, however, to postpone the meeting to the next day. The chair of the club agreed for the ruling of the chair was sustained. Then to Victoria delegates suggested referring the question to arbitration, but three instead of fighting it out in that meeting, Vancouver did not accept this suggestion. Vancouver then announced a decision to leave the organization. Vancouver will finish out the season with the Vancouver Athletic club, for the Mann cup.

**LEAGUE LEADERS HAD
A HARD TIME OF IT**

The Exciters gave the Blue Labels a big fight last night when these two teams clashed at the east end grounds in a senior city baseball match. The Blue Labels managed to win out 9 to 7, but only after the hardest fight they had ever had this year. The Exciters had an early lead of four runs in the second inning but the Blue Labels overcame this by reason of their poor work of the bats.

English outpitched Grant and would have won had he received better support from his bats. The English five, H. Campbell and Thomas were the heavy hitters while Ellsworth caught a good game. Captain McCaffrey umpired.

The teams lined up to play the Exciters and the Blue Labels. H. Barnes, 2d, Butchart, 2b; Carmichael, 1b, Blayney, c., England, p., Bill et, Dohling, M., Spence, 3b.

Lulu Lathey—Calevan, 3b, A. Campbell, 1f, Spence, H. Campbell, 1b, Thomas, c., Wilson, R., Owens, G., Alter, 2b, Grimes.

HOLMES' GAME.—The two Wholesalers team, will meet at Diamond Park on Saturday afternoon at 3 o'clock. All season the Internationals have been the ablest hit whiz bats in the score. They believe this will be more than offset their possible lack of experience and skill. The two Wholesaler batsmen to the low end of the score. The rivalry is very keen and this should be a good game.

G.T.P.: PENNANTS.—The G.T.P. has decided to award the pennants of the senior city league on Wednesday night by a score of 14 to 4. The features of the game were Andrew's 10 hits and 10 runs, and 10 home runs. The game was played at the G.T.P. shops, West Edmonton. The batteries were: G.T.P., Metcalfe and Thomas, Pennants, Kirkpatrick and Verte.

ROCK CITY TOBACCO CO., Manufacturers, QUEBEC

**RADIALS CONTINUE
TO WIN SOCCER GAMES**

The Radials football team continued its victorious career in the senior football field last night when they took the cup of the Canadian camp at Diamond Park by a score of 3 to 0. The Sons played nine men against ten and the Radials had a handicap, they managed to give a good argument. The Radials had the same record as the Sons, but were leading at half time by 2 to 0.

The team lined up as follows: P. Baxter, Jennings, Tom Gibson, natives Collier and Chiberry; forwards: Winkenbach, Crockett, Clark, Morris, Hartman, Davis, Smith, Jacobs, and others. Substitutes: Hayes, Lamb, McCarthy, forward; Hornsby, McCaffrey, J. Harton, A. Harton, Wilkins.

SONS OF ENGLAND LADIES

The Sons of England ladies team and the Sons of England Radials met on Monday night at the old Dixie grounds in a senior league football match. The following S. O. E. ladies were present: Mrs. Collier, Chiberry, Jennings, Carson, Hartman, Jacobs, Crockett, Hayes, Lamb, McCarthy, forward; Hornsby, McCaffrey, J. Harton, A. Harton, Wilkins.

PENNANTS SURPRISE THEMSELVES

The Pennants showed a startling reversal of form last night when they beat the Exciters 10 to 3 in camp at the old Dixie grounds. Two senior league scouts watched the pastime. "Chick" Fraser, Peter and Eddie Herk, St. Louis National, and Ross and Rankin had a nice game for seven innnings in the afternoon, then Rankin's curve was perfect, his super fast ball and the millers played the game on ice. In the evening game, fighting for the pennant, the Exciters showed superiority in practice in all departments. The Sox and the score tied at the end of the third, but the millers evened up the winning in the sixth after the winning in the seventh. Harry Dryer who had been out in the afternoon, was unable to work and the game was handled by two men, Tom and Dan Brown.

The Hon. C. H. Mitchell, in charge of public works, left for the east last night, and will be absent about a month.

L. Garrow, 271 5th Avenue, N.W., was shot, reported to the police that his automobile was stolen last night from outside the Empire Theatre. It is a five-passenger Ford, No. 1241.

We regret to inform Whistler, who shot himself three times last Saturday with a .22 calibre revolver in covering rapidly, and has been committed to trial on charge of attempted suicide.

H. J. Case, of Birmingham, Eng., a director in a number of industrial enterprises in the old country, is in the city on a short visit. His son, Casper, is touring the Dominion for the second time investigating opportunities for business.

Mr. and Mrs. Duevis have returned from the east where they spent seven weeks. They attended the general and general assembly of the York Minster Synod, Ontario, Quebec and the United States. Mr. Duevis will occupy his office at short notice.

The Ladies' aid and Sunday school of the Christian church will hold a joint picnic in the east end park this afternoon. The picnic will be held at 12:30 p.m. Everyone is requested to bring a well-filled lunch basket and also dishes. A nominal supper will be served at 6:30 p.m. All attendees are asked to bring a contribution.

H. L. Bowring, Pasture Researcher, who makes a specialty of breeding fine horses, is making a tour of western Canada, and for the last week has been in the city. He is staying at the Fourth Avenue Hotel. This is Mr. Devos's first trip to western Canada and he expresses himself delighted with the progress of the development which has taken place.

A large amount of work is now in the course of construction at the Canadian National playground, and around the corner is the new theatre.

There were two courses open to us: we could have laid down three extra acres in the valley of the Oldman River, or would it not still be, and at present clear that this step, which would mean more land available for agriculture, was the best, the British tax payer the general defense of the empire, the United Kingdom, and the cost of ships three ships short of the Admiralty requirement from the end of 1915 was received of the rejection of the bill by the government determined, however, that no more was needed.

Two Courses Open.

There were two courses open to us: we could have laid down three extra acres in the valley of the Oldman River, or would it not still be, and at present clear that this step, which would mean more land available for agriculture, was the best, the British tax payer the general defense of the empire, the United Kingdom, and the cost of ships three ships short of the Admiralty requirement from the end of 1915 was received of the rejection of the bill by the government determined, however, that no more was needed.

Another Further Interference.

This position is not yet clear, and I am very much inclined to think that arm rather than leg is the best way to discuss it in front of a public.

Canada is absolutely mistress

of her own destiny.

Although the majority of the men in the militia was rejected the question of Canadian participation in her own defence was decided.

Whether we read the speeches taken

in the House of Commons or the

private information plainly show

that the question Canada taking

effective part in the general war

is not a question of principle,

but of strategy.

Although the majority of the men in the militia was rejected the question of Canadian participation in her own defence was decided.
